LOOKING FOR A TALENTED INDIVIDUAL TO JOIN OUR TEAM

Henriquez Partners Architects is dedicated to working closely with clients to create buildings that are culturally, economically and environmentally sustainable. It is our view that every project is an opportunity to enrich local communities by seamlessly integrating ethics and aesthetics.

We excel at large and complex mixed-use projects, such as the 1 million square foot TELUS Garden mixed-use development, Woodward's redevelopment, and most recently the Mirvish Village site at Bloor and Bathurst in Toronto. It is our philosophy that no building is too small if it contributes to society in a meaningful way as result, our portfolio also features an array of smaller, unique civic structures.

We are seeking talented individuals to help complement our existing team.

SENIOR MODEL MAKER

Henriquez Partners uses built models throughout the design process as a design, visualization and presentation tool. We require an experienced model maker with minimum 5 years of experience with exacting craftsmanship, who can produce models and manage our model shop. Applicant must have a minimum 2 years of experience supervising a team and managing a shop including inventory and equipment maintenance.

THE SUCCESSFUL CANDIDATE WILL:

- Have practical experience creating massing, context, study and presentation models
- Have experience laser cutting, including preparing files, operating a laser cutter, and assembling models
- Have experience with 3D printing and other current model-making techniques
- Have experience working with a range of materials in the production of physical models (chip board, acrylic, foam core, wood etc.)
- Have Rhino, SketchUp, Grasshopper, Vectorworks, and 3D Studio Max (asset)
- Have Adobe InDesign, Photoshop, and Illustrator skills (asset)
- Have experience supervising a team of model making staff
- Have experience managing a small model shop including material procurement, inventory and equipment sourcing and maintenance
- Have high initiative and be self-motivated
- Have exceptional communication and leadership skills
- Possess strong analytical and problem-solving skills
- Have patience, dedication and strong attention to detail
- The ability to work to tight deadlines
- Have exemplary design skills.
- Ability to work with and take direction from the architectural teams

Please submit cover letter, resume and portfolio to the attention of:
Andrea Smith, Finance and HR Administrator
